## COMMENTS FROM THE OFFICE OF THE TOWN MANAGER

Taxpayers will receive their tax bills at approximately the same time they receive this issue of the paper. There will be many who will want to discuss their bill with the Assessors. While the majority of questions can be answered by contacting the office there will be several who will want to talk directly with the Assessors. These people should make an appointment through the office as we have found in the past so many arrive at a regular meeting very little time can be devoted to any one person. This time of year we find we usually have to call special meetings of the Assessors to process all the requests for adjustments.

If the taxpayers valuation did not change this year he will find a 14% increase on his tax bill due to the rate increase. The resignation of John K. Brown as selectman and assessor become effective Oct. 7 when the taxes were committed to the collector. He does not have to be replaced providing taxes have been committed unless the town sees fit to do so. At this time there is no indication a replacement will be sought. Elwyn N. Dickey

## POLITICAL SIGNS ON TREES, ROCKS IRK LOCAL DEMOCRAT

Michael J. O'Donnell, Assistant County Attorney for Oxford County, reminds us, that in accordance with State Law—"temporary signs or posters for political purposes shall not be painted upon or annexed to any rock or tree." O'Donnell stated that "Oxford County has been flooded with signs of Republican candidates which have been illegally attached to natural objects, diminishing the beauty of our County during this time of the year. Both major parties are aware of this law, but it is obvious the Republicans have decided to ignore it in favor of their own political purposes."

"It irks me that a major candidate, supposedly favoring legislation to improve our natural environment, would plaster his poster, with pine needles on it, all over the trees of our state. I realize the candidate probably didn't stick up these signs himself, but I think he should have control over his party workers."

O'Donnell, a Democrat from Bethel, is completing his second year as assistant to Jim Kendall of Dixfield, County Attorney, who seeks reelection in November.

The week of Nov. 9, will be National Diabetic Week. It was voted to sponsor an adult diabetic testing program. Mrs. Martha Farrington and Mrs. Jane Mills, Bryant Pond, will have charge of the Locke Mills and Bryant Pond area. More information will be available later.

## EXPLOSION DAMAGES SERVICE STATION

The explosion caused considerable structural damage to the building. No estimate is available of damage sustained by the building and breakage of fixtures and merchandise.

## BETHEL HISTORICAL SOCIETY ELECTS OFFICERS OCT. 1

The October meeting of the Bethel Historical Society was held on Thursday evening at the Casco Community Room. Following the conducting of general business, officers were elected: President, John T. Grover; Vice President, Edward Quinn; Secretary, Christine Grover; Treasurer, Faye Taylor; Curators, Mr. and Mrs. Paul Head.

The constitution and by-laws were read by vice-president Quinn and copies of the constitution were distributed. The election of trustees was passed over until the next meeting.

During the discussion period, Mrs. Clare Smith told interesting facts about the mineral springs at the old Anasagunticook Hotel on the North side of the Androscoggin River.

Additions to the mile of pennies have been received from Ida Packard, 20 yds; Kimball Ames, 1 yd; Jordie Merrill, 1 yd; Florence Thurston, 3 yds; and Ruth Crosby, 4 yds.

The next meeting will be held on November 5 at the Casco Community Room and will include a program on the history of Greenwood by Ruth Hastings and Colista Morgan. Members are requested to present ideas for fund raising at the November meeting.

## DISTRICT 44 DIRECTORS ACCEPT RESIGNATION—HEAR REPORTS AT MONDAY MEETING

The board of directors of School Administrative District 44 held a regular meeting Monday evening of this week in the library of Telstar Regional High School.

The directors accepted with regret the resignation of Frank Hunt, Jr., as supervisor of buildings, grounds and transportation effective Nov. 1. Mr. Hunt has served the district in this capacity since 1968.

Earlier in the meeting, Mrs. Mollie Bryant, Telstar English department chairman, discussed the English program at the high school. She spoke of the orientation of the program to student needs, and its structure and objectives. Mrs. Bryant stressed that she is working toward non-duplication of materials between classes in the program and explained the content of the program by grade level. She is now working on a five-year projection for the program.

A procedural matter was discussed that would amend the board's by-laws to allow automatic inclusion in each regular meeting's agenda a 15-minute period for citizen participation. The board favored such an agenda item.

The following policy was given initial board approval: "All administrative staff will be required to maintain a home telephone, where feasible." Inclusion of this in formal board policy will allow affected staff members to claim a portion of their telephone cost as a deductible expense on their income tax.

It was reported that the lights, with one exception, had been installed on the student parking lot at T. R. H. S. The stage lighting at the high school auditorium has not been completed, although it has been contracted for.

Donna Rosenberg, president of the Girls' Athletic Association at Telstar, spoke of the girls' athletic coaches, budgeting for girls' athletics, and indicated that now a coach for girls' basketball is critical. Another Telstar student, Gayle Packard, questioned how someone could be certified as a coach. Mrs. Annie Rosenberg raised the question of whether a bachelors degree is required for certification.

David M. Bishop, Assistant Superintendent, reported on S.R.A. Achievement Tests for grades 1 through 6 in the district's schools. Mr. Bishop stated that the results of tests administered last spring indicated that S. A. D. 44 students are doing well since they are at or above established national norms.

The board granted approval for the Rufford Arts Group to sponsor a program at the Telstar Auditorium on Nov. 11, at no cost to the district. The approval is subject to a favorable result of further inquiries to be made by the superintendent.

Charles L. Johnson III was approved to teach grade 6 at Crescent Park School. Mrs. Johnson will succeed Mrs. Elmina Doyen who has been filling the position since the beginning of this school year following the resignation of Mrs. Jacqueline Stebbins.

Mr. Johnson attended high school in Schenectady, N. Y. and has a continued on Page Four

## BETHEL MAN TO RECEIVE INDUSTRIAL INCENTIVE AWARD

On Friday, Oct. 16, Avery Angvine will receive an Industrial Incentive Award, by the New England Kiln Drying Association, at their fall meeting in Burlington, Vt. This is one of the first times this award has been made. It is a cash gift and formal recognition by the Kiln Drying Association for an invention or method which could help lumber dry kiln operators.

Mr. Angvine saw a definite need for a better method of cutting and removing sample boards from the piles at Andover Wood Products, and after extensive trial and error, he came up with a special bar for a small chain saw, as well as two other small hand tools to assist in removing the sample boards. This reduces the amount of time necessary to cut samples by approximately 85%.

Mr. and Mrs. Angvine will be traveling to Burlington to receive the award, and attend a two day meeting which includes plant tours and technical sessions.

## GOULD OVER OXFORD HILLS JAYVEES, 19-6, LAST SATURDAY

## GREENWOOD CITY

**Mrs. Colista Morgan, Corres.** — Poking down the country roads now, we find the maple trees aflame. How comes the bush of autumn days with the purple haze on the hill-sides. The soft winds blow and the sunshine spreads like butter on new baked bread.

The autumn rains of last evening also came and as they played their tunes on the roof at twilight the little birds chirped their sleepy songs to the sound of the drops.

At times today I watched the surface of the pond. The tree reflections haggled the shores resembled crystal chandeliers all in rainbow hues. At other times there were wind-whipped waves reflecting the blue of the sky and the sparkle of diamonds. A few brown leaves drifted by, going nowhere, while the ducks dipped my right to be there and look.

We know the time that autumn begins but as yet we aren't sure of the time of the first frost. With October on its way in, we have had none here as yet. But very soon now we'll feel that wisp of wind; that wind with a cold sharp edge and we'll say, "This is it; there'll be a frost tonight." These frosts from the northland will lay chilly hands over all. Our goldenrod will become gray ghosts and bow their heads until another year. Jack Frost works with such deft skill.

The old trees with gnarled limbs and deep furrows show strength and serenity in their dresses of gold and crimson.

Some starlit night while out to save the chill edge of the breeze we'll hear the call of the wild geese winging their way southward.

All these, the scene, the breeze, the fragrance, the sounds of autumn all blend into one clear entity, one Jewell.

"Now the leaves are changing colors."

Drifting slowly to the ground; For the autumn days are with us. Beauty flaming all around.

Overhead the sun is shining And the air is crisp and clear, There's a peacefulness in autumn, It's the best time of the year."

## WOODSTOCK

Seventh-day Adventist Church

The local Church will join with some 3,300 sister churches on Saturday, October 10, at the morning worship service, in contributing to a million dollar offering. This is for the purpose of buying radio time across the nation for the Voice of Prophecy program which originates in Glendale, Calif.

This program begun by Dr. Harold M. Richards in the early 1930's, now has global syndication on 1,300 stations each week. Dr. Richards is this year celebrating his 40th anniversary in broadcasting, making him the religious broadcaster with the longest period of such service in America.

President Richard M. Nixon cited Dr. Richard's unusual accomplishment: "It is a great pleasure for me to honor your long and dedicated service to God and your fellowmen," he said. The Voice of Prophecy is heard over radio station WKTQ, at 10 a. m. each Sunday morning.

The combined M. V. Societies of Auburn, Woodstock and Oxford, met at the Oxford Church at 6 o'clock last Saturday evening for a candle light service.

On Oct. 10 the meeting will be held in the Auburn Church where a group from Atlantic Union College will furnish music and slides taken in Vietnam will be shown.

## S. A. D. 44 DIRECTORS MEET

continued from Page One  
B. A. degree from Lafayette College,  
Easton, Pa. Currently enrolled in the  
Continuing Education Program at  
the Educational Development Cen-  
ter in Bath, this is his first teaching  
position. He started his duties in  
S. A. D. 44 Oct. 8.

The appointment of Mrs. Madeleine  
Gibbs to serve as high school year-  
book advisor for the current school  
year was approved. The board for-  
mally commended Mrs. Gibbs for  
the fine work she did on the previous  
year's yearbook.

Mrs. Margaret Cousins was ap-  
proved as a part-time volunteer tes-  
cher-aid for three days a week, at-  
tending of the Region IX group will be  
Mr. Parker Allen of Woodstock re-  
ported on the Region IX State School  
Board Association meeting held at  
Farmington, Sept. 24. He noted that  
Asa Gordon of the State Dept. of  
Education spoke about the proposed  
\$50 million bond issue for construc-  
tion, and that S. A. D. 44's trans-  
portation subsidy will go down if the  
state valuation of the district increas-  
es in excess of 20%. The next meet-  
ing of the Region IX group will be  
held at South Paris on Nov. 19.

Robert J. Gerard, superintendent,  
reported on his attendance at the  
Planning, Programming, Budgeting  
and Evaluating Systems Conference  
held at Durham, N. H., Sept. 24. He  
praised the system because it would  
assist education in identifying goals  
and defining objectives, analyzing  
systematically curricular alternatives  
that are available, and provide de-  
cision makers with more and better  
data. It would also provide the dis-  
trict citizens with a visible expres-  
sion of values and priorities and  
hopefully improve their support of  
the educational system.

Members of the board unable to  
be present at the Monday session  
were: Eddie Snyder, Andover; Mrs.  
Joan Wiese, Clarence Remington,  
Bethel; Paul Wright, Newry.

board will be held at Telstar Region-  
al High School on Monday evening,  
Oct. 19, at 7:30.

**WHO CARES?**  
Vietnam continues to be a bloody  
battlefield where our sons and Viet-  
namese children die. Hunger stalks  
the African and Asian continents and  
the inner city areas of America. Who  
cares? God cares. He also cares  
when life has gone sour for you or  
has lost its meaning. He cares when  
life is boring because something is  
missing. He cares so much that He  
sent His Son to die for you.

The penalty for sin is death. Jesus  
paid this penalty for you at the cross  
and purchased complete forgiveness  
for you. All that is left for you is to  
trust Him.

This Jesus arose from the dead,  
is alive, and still cares for you. He  
"stands at the door" of your heart  
and "knocks." If you will open up  
the door of your heart and trust  
Him, He will come in to dwell and  
give you life new meaning, joy, ex-  
citement, and wholeness. — Rev.  
Frederick Bailey, Bethel Methodist  
Church.

Miss Rachel Keniston of Fairfield  
was home over the week end.

## Bubble Celebrates

## National Newspaper Week

The week of Oct. 4-10 is designated as National Newspaper Week. This year's theme will be "American Newspapers—200 years of Freedom—1776 to 1976."

Although the "Bubble" is only the student publication of Telstar High School, it is proud to recognize National Newspaper Week along with other newspapers all across the country.

The "Bubble" started the week by sponsoring a dance, Oct. 3, in the Telstar cafeteria. Musicians Tom Saurel, Steve Tague, Scott Clough, Ross Timberlake, Burton Mills and Betty and Randy Brooke donated their services without charge. Staff members of the Bubble convey their sincere thanks to them, along with Mr. and Mrs. Bryant who acted as chaperones. The dance was termed a financial success, in spite of inclement weather.

Advanced tickets to the Oct. 10 dance featuring Ricky and the Spitties have been put on sale. This dance, also sponsored by the "Bubble" is expected to be one of the biggest during the school year. Guests from Gould, Mexico, Rumford, and Oxford Hills are anticipated. Free tickets were given to varsity football players to congratulate them for their triumph over Lisbon.

Hopefully the first publication of the "Bubble" will appear this week. If enough interest were shown by townspeople throughout the District the paper could be sold, outside of school attempts at doing so last year were for the most part unsuccessful.

This year's officers are editor, David Holt, printing editor, Howard Whitten and treasurer, Chris Henry.

## — Mrs. Arline Bernier, Correspondent —

Bill and Elaine Taylor of Hodson, N. H., were guests of her father, Colton Fuller and Elsie.

Elsie Fuller's brother called on relatives and friends in town Saturday.

The school children of Upton have had perfect attendance for the first 27 days of school.

Matt and Judy Brooks stayed overnight with her father, Fred Judkins, bringing him a cake in honor of his birthday, Oct. 4.

Oct. 5 brought us the first heavy frost of the season.

Bird-watchers and foliage-viewers made for heavy traffic Sunday. Monday, the view between here and Erol was unusually beautiful. The sun shone on the mountains and the fog hung over the valleys in long, slender patterns giving the illusion of many bodies of water. The Umbagog was partly ruffled and partly calm perfecting the splendor. We are quite blessed to live amidst such natural beauty.

Fred cut down a large, pretty hornet's nest which he found about 10 feet from the ground and has it hung on his piazza. It makes an interesting conversational piece, and if by chance an angry hornet made a stinging remark, the conversation might get lively.

A pair of Siamese cats joined our household Sunday. Two, the male, is quite shy and spends much of his time in his hidey-hole in the basement, but Natcha, his lady, has

Next week we are going on a two mile hike up Farwell Mountain. Mrs. Bailey is going to talk to us about conservation.

SOME DOCTORS & DENTISTS  
ARE USING HYPNOSIS

Once hypnosis was only an entertainment medium. But today it is being used medically more and more in the treatment of many conditions. There are actually physicians who are just specializing in the use of hypnosis. It has proven effective in such situations as stopping thumb-sucking, nail-biting, and excessive drinking. And, recently it was proved to be a valuable aid in treating muscular-skeletal disorders such as arthritis.

Hypnosis for medical conditions should always be in the hands of trained experts. The amateur hypnotist could potentially cause harm, for there is still a great deal to learn about how it actually works and its possible side effects. Do not expose yourself to hypnosis unless your physician advises it.

YOU OR YOUR DOCTOR CAN PHONE US when you need a delivery. We will deliver without extra charge. A great many people rely on us for their health needs. We welcome requests for delivery service and charge accounts.
